

Dear \_\_\_\_\_,

This little craft kit contains everything you need to **make your own:**

## WOODEN SPOON PUPPETS

Use the materials provided to turn boring old wooden spoons into fun and colourful puppets!

Here's how to make them:

- 1 Use the marker pens to draw interesting faces on each of the wooden spoons.
- 2 Choose some hair and stick it on – give each of your spoons a different hairstyle that suits their personality.
- 3 Wrap fabric around the spoon handles and fasten them with rubber bands.

Now you can hold your own puppet show!

I hope you have lots of fun!

Love, from

\_\_\_\_\_
